***Single Phase is a course in two parts with second part timed. All will jump against the clock immediately after their first round, even with faults unless eliminated. Winner is the rider with the fewest (or zero) faults and the fastest time in the second section.**

Format for the Qualifier

Riders jump two rounds. Riders will jump the first round and then another round. The second round will be run as a single phase competition, so the first part of the course will be the second round, followed by the second part of the course which will be classed as the jump-off. The jump-off will follow straight on from the first part of the course without stopping. All team and individual members will go forward to the second part of the second round (jump-off) unless eliminated. Should a team member be eliminated before reaching the jump-off phase and that team are tied for any placing, the team with the 4th member will take priority. For scoring purposes the second round and jump-off will be scored separately. At the discretion of the area, for team placings the second round times may be used to gain a result.

Approximate times will be provided once the entries have been received.

BRC HAT STANDARDS

All hats must have a visible **turquoise** BRC hat tag in place before they are used for warming up and competing, to show that it meets the current safety standards. Hats to be worn when mounted, and all hats need to be tagged with the **turquoise 2018 tag**. Please note that BSEN1384 and PAS 015 are no longer eligible unless supported by the BSI kite mark. Hats from abroad need to show one of the following quality assurance marks: SEI, SNELL plus number reference, or SAI Global mark. There will be a trained official available on the day who will check your hat for compliance with BRC hat standards and if it passes will tag it. For up to date hat rules please see the current BRC rule book.

Your horse must have up to date influenza vaccinations in line with rule G7 in the current BRC Rulebook. There is also a checking device on the BRC website, but if you are unsure, please call BRC on 02476 840518.
